Rating	Explanation
AQME-4	ARGUS Quantitative Medium Enterprise-4 is a Good rating grade assigned to medium enterprises by ARGUS Credit Rating Services Ltd (ACRSL)'s quantitative ME ratings model. When assigned, this rating indicates the obligor, relative to other medium enterprises, has adequate capacity to meet its financial obligations but this capacity remains more vulnerable to adverse economic conditions.

Rating Validity: At the time of publication of this credit rating report by ARGUS Credit Rating Services Limited, the financial analysis is largely based on management projections. Due to the lack of a historical track record, the ratings may be subject to material downward revision if the management fails to meet these projections.
